

We are now proud partners...

## Holiday Pickups...

### What if my pick-up falls on a holiday?

If Memorial Day, Labor Day, Independence Day, Thanksgiving, Christmas or New Year's Day fall on a regular scheduled pick-up day, pick-up will be the following day.

## Yard Waste...

### When should I put out yard waste?

Yard waste is collected Wednesday with other waste each week of the year. Place yard waste in containers no larger than 32 gallons or in brown paper bags - no plastic bags please. Acceptable yard waste includes: branches up to 3 inches in diameter and no longer than 4 feet long and Christmas trees. **Please note Christmas Tree Pickup will be Wednesday January 10th & 17th, 2024. Please do not put Christmas Trees in a bag.**

## About Leck...

Founded in 1971, George Leck and Son Inc. is still family owned and operated after 52 years in business. We have always had a strong sense of family values throughout our company and with all of our employees. We believe that our family atmosphere is transferred to our customers with the high standard of our customer service. We take tremendous pride in the quality of trash and recycling services that we offer to the residents of our community. Our helpful, courteous staff is available to answer any questions about our service at 215-675-8000. Additional information can always be found at [www.leckwasteservices.com](http://www.leckwasteservices.com). We look forward to serving you!

We have gently used & fully refurbished 20 gallon recycling bins for sale \$15 each. Call 215-675-8000 for further information.

## Quick Reference Guide to Waste Removal Services

### When should trash be placed at the curb?

All waste is picked up every Wednesday. Place trash, recyclables, yard waste and bulk items out after 6:00 PM on Tuesday evening. Place containers so they are not blocked by vehicles or other large objects.

### What size container should I use?

Containers should be between 20 and 35 gallons and should not exceed 50 pounds per container. Use sturdy plastic or metal containers with handles and detachable lids.

## Bulk Items...

### When are bulk items collected?

Collection of larger items is on Wednesday with your trash and recycling service.

### What type of bulk items are collected?

Examples of regular bulk items include furniture, cabinets, washers and dryers.

## Recyclables...

### When should I put my recycling out?

Recyclables should be placed in a recycling bin clearly labeled as "Recyclables" and placed at the curb for collection each Wednesday. Recycling labels are available free of charge at Langhorne Borough Hall.

### Recycle weekly with Single Stream Recycling!

All recycling is single stream, meaning you can put all of your recyclables together in one recycling container, including glass, mixed paper, cardboard and plastic.

### How do I dispose of leftover paint?

Evaporate latex paint by air-drying or mixing with kitty litter, shredded newspaper or other absorbent. Please place at the curb with the lid off so the driver is able to see that the paint is dry.

### Items not acceptable?

We do not accept liquid waste of any kind, tree stumps or tires. We do not accept Household Hazardous Waste of any kind including insecticides, pesticides, gasoline, oil, non-latex paints, varnish, thinners, drain cleaner, pool chemicals, car parts or similar materials as part of your regular waste removal services. Hold all HHW materials for special collection events.

### How much can I discard at once?

The limit is one bulk item per week.

### What about refrigerators?

All freon items such as refrigerators, freezers, air conditioners and dehumidifiers containing CFC's, require an appointment. To make an appointment, email [admin@georgeleckandson.com](mailto:admin@georgeleckandson.com) or call 215-675-8000.

### What can I recycle?

**Glass, Metal:** tin and aluminum.  
**Mixed Paper:** newspaper, magazines, junk mail, soft-back books, cartons.  
**Plastic:** containers & most mixed plastics.  
**Cardboard:** emptied and flattened.

### What items are not recyclable?

**Metal:** aluminum foil, pots and pans.  
**Glass:** Light bulbs, windows.  
**Paper:** hard-back books, tissues, food-soiled paper.  
**Plastic:** Styrofoam, plastic bags.  
**Other:** chemicals, rubber, wood, ceramic or porcelain.

# Leck Offers a Broad Spectrum of Other Services

## Residential Shredding Service

Do you work from home or do you have years of old sensitive financial information stored at your home?

How do you safely dispose of all of that confidential information?

Imagine if your sensitive documents fell into the wrong hands. The damage could be detrimental to you and your entire family.

Leck is now offering boxed shredding services for residential customers for an additional fee. This easy and secure service allows you to be sure that your shredding will be secure and protected. The shredded paper then goes to a paper recycler.

## Temporary Sanitation Solutions

Leck Waste Services provides sanitation solutions for construction jobsites, special events, sports and recreation events. We have a variety of single restrooms, hand wash stations and are specialists in sanitation solutions.

- Standard portable toilets for construction or long-term sites
- Fresh water sanitation systems for sales trailers or temporary field offices
- VIP portable restrooms for parties or weddings

During peak times of the year, it is best to make your reservation as far in advance as possible. We recommend at least 72 hours in advance. For large special events or job sites, a week or more lead time is advisable. Same day or next day delivery may be available.

With service you can trust, a friendly and knowledgeable staff, and great pricing, it's no wonder that we are the region's leading provider of temporary sanitation equipment and services!

Waste Services Since 1971

## Roll-Off Dumpsters: For Commercial and Residential Use

Roll-off dumpsters are often used for commercial, industrial or demolition projects, and residential customers find them useful for house clean outs or small remodeling and improvement projects. We provide a wide variety of sizes, ranging from 6 cubic yards to 40 cubic yards.

## Hand Wash Stations

## Electronic Recycling:

Residents are now required to recycle their desktop and laptop computers, monitors, computer peripherals and televisions, due to the Pennsylvania CDRA – "Covered Device Recycling Act."

This means that no resident may dispose of a covered device as waste. Leck provides electronic recycling service at an additional fee. Contact the office for additional information.
